THE 'RIPPLE EFFECT' OF LEADERSHIP

https://www.cccc.org/news_blogs/john/2011/07/21/the-ripple-effect-of-leadership/

- 1) Have you ever experienced lack of support from those you lead? How did you contribute towards their lack of support? How did you handle the situation?
- 2) Have you given much thought to the fact that when someone undermines a leader in ministry, they also undermine the board or senior leader who put that leader in place? Do you feel empowered by the board or leader standing behind you? Are there appropriate accountability structures in place, such as grievance and whistleblower policies?
- 3) If you have leaders under you, how can you give them the freedom to customize the ministry's agenda to their particular work area, while ensuring that it remains an extension of your leadership?
- 4) Do you involve your leadership team in the development of your agenda? Participation will build unity and ensure that the team's wisdom is reflected in the agenda.
- 5) Cohesive leadership will ripple throughout the organization. What guidelines could you establish in your ministry to safeguard the leadership and prevent divisions?
