## *Discussion Guide*

### **DO YOU KNOW WHAT YOU DON'T KNOW?**

Discuss with your management team:

- 1) In addition to the questions listed in the post, what other questions would be good for us to ask ourselves?
- 2) Should we, at least for some types of decisions, assign specific people to present for and against a proposal as part of the vetting process? The purpose is to research and uncover disconfirming information. (Hint: Do NOT have the same person always present against proposals. Rotate the role!)
