- 
- 1) List some examples of ways that God has led you this last week. They may range from a startling insight to a gentle nudge.
 - a) If nothing comes to mind, keep track for the next week and list any leading from God you discern.
 - b) If nothing is noted, then review *A Leader's Intimacy with God* and follow any suggestions that look helpful to you.
 - 2) Write some testimonies where you can give credit to God for something he did either directly or, by working through people, indirectly. God may have acted in a spectacular way or, more usually, he acted in less obvious ways that some people might attribute to luck or coincidence.
