Discussion Questions

1. Which of the three options for living by faith is your team comfortable with?
2. Discuss the question: Are we too cautious? Too realistic? Too self-reliant?
3. Is your team satisfied with the way in which they are living by faith, or is there a sense that God is stirring them for one of the other two options?
4. If not already done, document your ministry's approach to living by faith. It can be a short document or part of an existing board policy.
